Andre de GRASSE (CAN)

200m Men - Winner - Season best

I am very grateful with the victory but not happy with the time. I want to achieve sub 20 seconds. But it is a long process. I am not fully healthy, I still have a lot of work to do to be really back in shape. I want to be back where I was 2 years ago. But I have time before the World championships. There are still 3 months to work. I hope it will be enough. About my next race, I am not sure. I have to talk with my coach then we will decide.

It is always a pleasure participating in Rabat as I won here several times. The competition was tight and difficult. I followed some tactics that enabled me to jump 2.28m though I was aiming for a better result. My target now is the World Championships in Doha and to win the golden medal.

Katerina STEFANIDI (GRE)

I am not really disappointed with my result tonight in terms of height. 4,67 m is a more or less what I can expect at this stage of the season. Tonight I did the same mistake I have done in Shanghai and Rome in Diamond League. Now I will go back home and train. And I am very happy about that because I need to improve my run. After that, I will jump in Lausanne on Diamond League.

Edward Zakayo PINGUA (KEN)

5000m Men - 1st-

The race was not bad overall, but unfortunately it was a bit slow. I was aiming for a better time, but I could not achieve that because the pacemakers were not fast. I was talking to the closest pacemaker to run faster, but to no avail. Hence, I decided to change the tactics at the last two rounds and continue alone. Currently, I want to prepare for the WC. My aim is to win and if I make 3.35, I will be very satisfied.

Sandi MORRIS (USA)

Pole Vault Women - Winner - Meeting record and season best

It was a great day. I am very satisfied with the result and the victory. But I had a terrible warm up and I did not feel at 100%. I also had problem with the wind. We had a lot of headwind during the competition. It was a tough condition. But I was able to make some adjustments and to make some very good jumps. My priority this year is to be at my top at the WC in Doha. But first I need to be selected in the US team. So now I am focused on the US trials at the end of June.
